STEP 1: Install top shelves, bottom shelves, and hangbars by hooking brackets into upright slots.

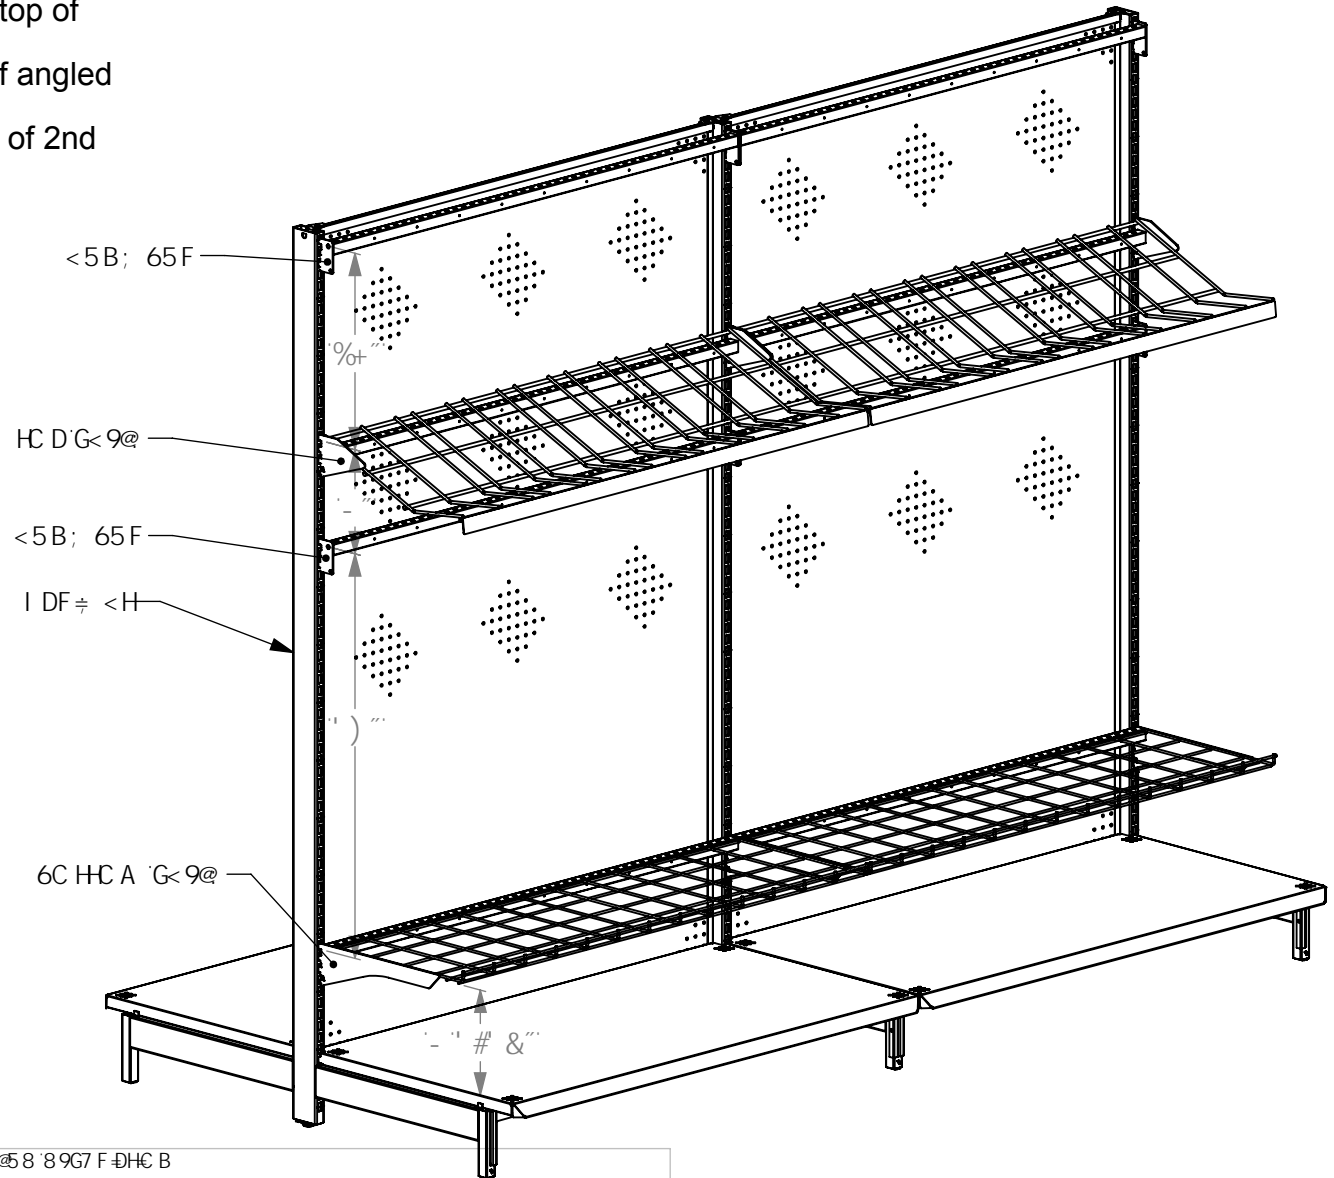

From top upright:

Install 1st hangbar in top upright slot.

Install angled top shelf 17 inches below top of 1st hangbar.

Install 2nd hangbar 9 inches below top of angled shelf in slot 27.

Install flat grid shelf 35 inches below top of 2nd hangbar in slot 62.

STEP 2: Hook bottom dividers, top dividers, and top end dividers into holes in hangbars and shelves. Locate dividers according to modular and sleeping bag size.

Top end divider tabs should fit to the inside of the top shelves.

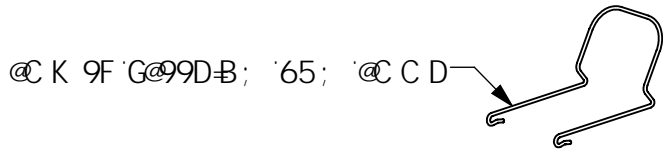

STEP 4: Hook signholders over top wires on front grids.
