Walmart Description

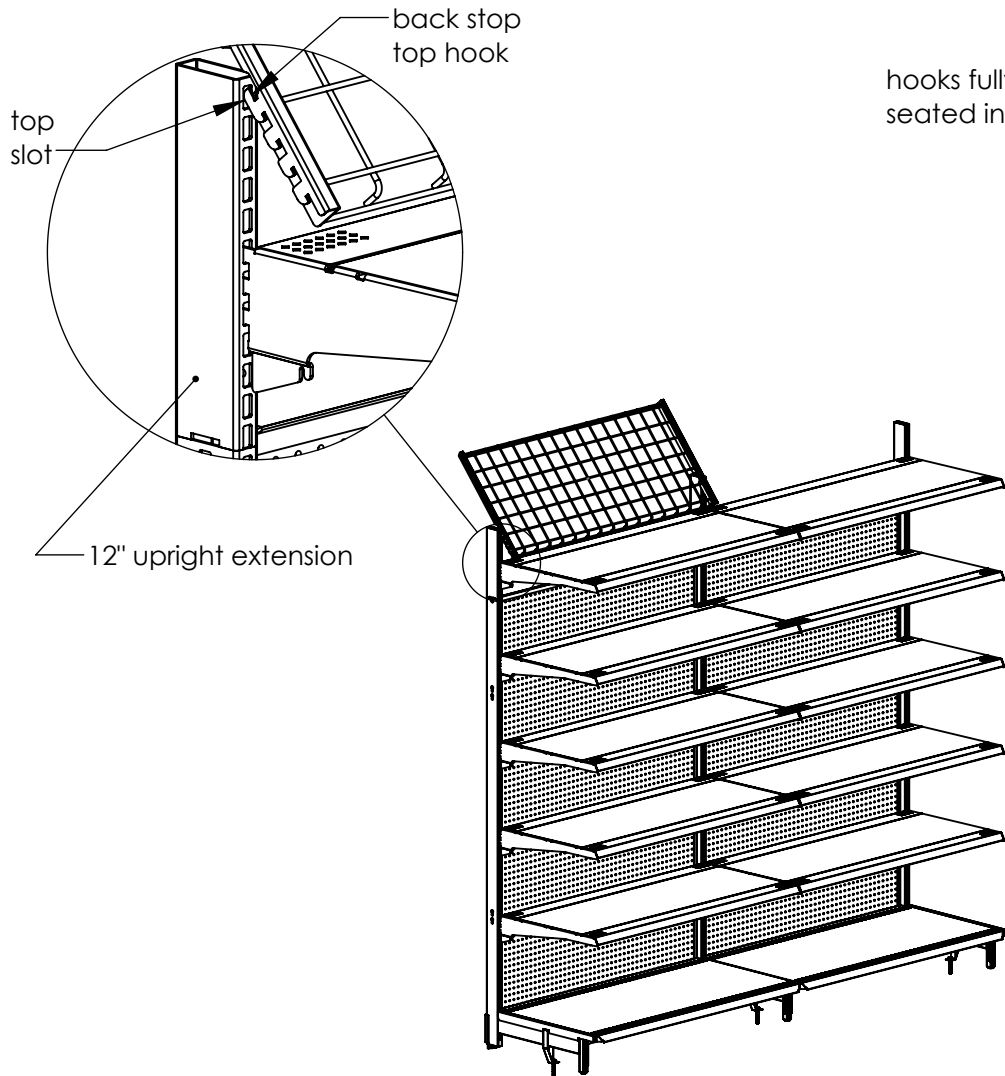

EXTENDED BACK STOP FENCE 2048

Scan QR code or visit www.ladarling.com/extended-back-stop/ for the latest copy of the instruction sheets.

Step 1: Install 12" upright extensions in top of uprights.
 Note! Do not install more than one extension per upright.

Step 2: Tilt back stop and insert top hooks in top upright extension slots.

Step 3: Rotate back stop to vertical and lower hooks into slots.
 Ensure hooks are fully seated.
 Note! Back stops can also be installed on back side of the extenders if merchandise does not allow them to fit on front side.
